ABOUT THE PROGRAM

Our BBA program is the gateway to a plethora of job opportunities in numerous sectors such as Sales, Marketing, Education, Finance, Operations, and Public Sector.

This 3-year graduate degree program will help you learn core business processes, people management strategies and how to apply them in real-business settings. It will help you gain confidence to plunge into the corporate world.

In the first year, you will learn the foundation of management, business economics, business communication and accounting. In the second year, you will choose one of the specialisations from Marketing, Human Resource, Finance, and Operations.

Our BBA with Specialisation in Financial Management has been curated to help you develop financial understanding and build relevant skills to tackle financial problems. The financial department is one of the most lucrative and core functions in both corporate and governmental organization. You will also learn about the latest innovations in Financial Technology, Big Data Analytics, Data Science and Artificial Intelligence areas.

In the final semester, you will be required to complete a mandatory Dissertation project, which provides first-hand experience in the business world to compliment the theoretical knowledge.
