Driving Tomorrow - The UPES Way

ADMISSIONS OPEN

ABOUT UPES ONLINE

UPES Online, the digital learning vertical of UPES, is aimed at empowering professionals looking to advance in their careers, students aspiring to upskill, and individuals striving to achieve personal goals. It offers a range of flexible, industry-relevant programs designed to equip learners with the skills needed to thrive in today's dynamic job market. UPES Online offers MBA, BBA, and BCA degrees, all enhanced with industry masterclasses and immersive experiences, maintaining the same level of academic rigour as traditional in-person programs. Additionally, the platform provides intensive 10-month Postgraduate Programs (PGP) in fields such as Oil and Gas, Renewable Energy, and Industrial Safety, with the integration of advanced technologies like AI, Data Science, and Cloud Computing into the curriculum.

UPES Online is an extension of UPES, a UGC-entitled, multidisciplinary, not-for-profit, research-driven university, committed to academic excellence, exemplary student outcomes, and social impact. As the 'University of Tomorrow', it pioneers transformative education, shaping learners into changemakers. With seven schools, including Computer Science, Engineering, Health Sciences and Technology, Design, Business, Law, Liberal Studies and Media, UPES provides industry-ready education to over 14,000 students at its campuses in Dehradun.

As per the National Institutional Ranking Framework (NIRF) 2024, UPES has been ranked 46, with a rank of 42 in engineering and a rank of 41 in management. In addition to this, the university has been ranked the No.1 private university in academic reputation in India by the QS World University Rankings 2025 and is among the top 3% of universities in the world. UPES has also been accredited by NAAC with a grade 'A' and has received 5 stars on Employability (placements), by globally acclaimed QS Rating. The university has had 100% placements over the last five years. Forty-two (42) faculty members of UPES are among the world's top 2% researchers as per Stanford University list.

ABOUT UPES ONLINE

UPES Online, the digital learning vertical of UPES, is aimed at empowering professionals looking to advance in their careers, students aspiring to upskill, and individuals striving to achieve personal goals. It offers a range of flexible, industry-relevant programs designed to equip learners with the skills needed to thrive in today's dynamic job market. UPES Online offers MBA, BBA, and BCA degrees, all enhanced with industry masterclasses and immersive experiences, maintaining the same level of academic rigour as traditional in-person programs. Additionally, the platform provides intensive 10-month Postgraduate Programs (PGP) in fields such as Oil and Gas, Renewable Energy, and Industrial Safety, with the integration of advanced technologies like AI, Data Science, and Cloud Computing into the curriculum.

UPES Online is an extension of UPES, a UGC-entitled, multidisciplinary, not-for-profit, research-driven university, committed to academic excellence, exemplary student outcomes, and social impact. As the 'University of Tomorrow', it pioneers transformative education, shaping learners into changemakers. With seven schools, including Computer Science, Engineering, Health Sciences and Technology, Design, Business, Law, Liberal Studies and Media, UPES provides industry-ready education to over 14,000 students at its campuses in Dehradun.

As per the National Institutional Ranking Framework (NIRF) 2024, UPES has been ranked 46, with a rank of 42 in engineering and a rank of 41 in management. In addition to this, the university has been ranked the No.1 private university in academic reputation in India by the QS World University Rankings 2025 and is among the top 3% of universities in the world. UPES has also been accredited by NAAC with a grade 'A' and has received 5 stars on Employability (placements), by globally acclaimed QS Rating. The university has had 100% placements over the last five years. Forty-two (42) faculty members of UPES are among the world's top 2% researchers as per Stanford University

MBA (General) with Specialisation in **Power Management**

Driving Tomorrow - The UPES Way

ADMISSIONS OPEN

ABOUT UPES ONLINE

UPES Online, the digital learning vertical of UPES, is aimed at empowering professionals looking to advance in their careers, students aspiring to upskill, and individuals striving to achieve personal goals. It offers a range of flexible, industry-relevant programs designed to equip learners with the skills needed to thrive in today's dynamic job market. UPES Online offers MBA, BBA, and BCA degrees, all enhanced with industry masterclasses and immersive experiences, maintaining the same level of academic rigour as traditional in-person programs. Additionally, the platform provides intensive 10-month Postgraduate Programs (PGP) in fields such as Oil and Gas, Renewable Energy, and Industrial Safety, with the integration of advanced technologies like AI, Data Science, and Cloud Computing into the curriculum.

UPES Online is an extension of UPES, a UGC-entitled, multidisciplinary, not-for-profit, research-driven university, committed to academic excellence, exemplary student outcomes, and social impact. As the 'University of Tomorrow', it pioneers transformative education, shaping learners into changemakers. With seven schools, including Computer Science, Engineering, Health Sciences and Technology, Design, Business, Law, Liberal Studies and Media, UPES provides industry-ready education to over 14,000 students at its campuses in Dehradun.

As per the National Institutional Ranking Framework (NIRF) 2024, UPES has been ranked 46, with a rank of 42 in engineering and a rank of 41 in management. In addition to this, the university has been ranked the No.1 private university in academic reputation in India by the QS World University Rankings 2025 and is among the top 3% of universities in the world. UPES has also been accredited by NAAC with a grade 'A' and has received 5 stars on Employability (placements), by globally acclaimed QS Rating. The university has had 100% placements over the last five years. Forty-two (42) faculty members of UPES are among the world's top 2% researchers as per Stanford University

ABOUT THE PROGRAM

UPES Online, the main goal of this MBA program is to create a pool of technically-trained manpower readily available for recruitment to the power sector companies. The program includes various aspects of power management like the electricity market, financing of power sector projects, economy, power pricing, and power sector regulations.

The program also immerses well-defined learnings and related facets of management relevant at the regional, national and global levels.

With an upgraded curriculum that matches the present industry requirements, this MBA program shall give you insights into power management issues and prepare you for handling the challenges of the changing global world.

KEY HIGHLIGHTS OF THE PROGRAM

Interactive Live Sessions

Learn directly from industry experts and global faculty through engaging live sessions.

Dedicated Academic Advisor

Receive personalised guidance and support for your academic and career journey.

Facilitated Group Interactions

Receive personalised guidance and support for your academic and career journey.

Robust Learning Management System

Receive personalised guidance and support for your academic and career journey.

Real-World Application

Acquire practical skills through engaging projects and case studies for real-life impact.

WHO IS THIS PROGRAM FOR?

This program is designed for all the working professionals who want to upskill and uplift their careers while continuing their jobs.

Any working professional or graduate who wants to shift or make a career in the power sector.

Aspirants who want to start their own business in power and allied industries.

ELIGIBILITY

- Bachelor's degree or equivalent in any discipline from a recognised university/institution with minimum 50 percent aggregate marks.
- Candidates who have completed their graduation through Online Learning or Open and Distance Learning Mode from any university/institution recognised by the UGC DEB (Distance Education Bureau) are also eligible to apply.

OR

- Candidates who have completed professional qualifications viz. CA, CS or ICWA are eligible to apply.

OR

Relaxation in Eligibility Criteria for Candidates with Work Experience

Candidates with minimum 2 years of work experience must have Bachelor's degree or equivalent in any discipline from a recognised university/institution with minimum 45 percent aggregate marks.

LEARNING OUTCOMES

- Tackle the challenges related to the spectrum of production, transmission, and distribution of energy.
- Build strong grounding on how to navigate through tough realities of the power industry.
- Gain specialised expertise in key concepts of power management - power economics and trading, financing power projects, HSE, technology and leadership skills.
- Ability to demonstrate higher managerial skills in power management and execution.
- Gain access to specialised Coursera courses tailored to your domain after your enrolment and earn global certifications from prestigious universities like Wharton Online, University of Minnesota, University of California, University of Illinois, University of London, Rutgers University, and more.
